COMMERCIAL NOTES.

Great Activity in Canned Meats, While Bicycles Are Booming.

DEALERS UNABLE TO FILL ORDERS.

Uncle Sam's Custom House Keeps Up Its Usual Bright Record.

HAVANA CIGARS IN ACTIVE DEMAND

OFFICE OF PITTSBURG DISPATCH, TUESDAY, July 9, 1889. Tradesmen who can are preparing to flit to the mountains or seaside, and the situation in most commercial lines is that of suspend-

Tradesmen who can are preparing to fit to the mountains or seaside, and the situation in most commercial lines is that of suspended animation.

A week ago the general prayer among trades people was that rains would cease. Now the cry is for rain to come and cool the atmosphere.

It is a pleasure to find that in some branches of trade there is great activity, notwithstanding the intensely hot weather. A representative of the canned meats industry said to-day: "Our trade was never as large at this season of the year as it is now. Since April 1 there has been a growing demand for our goods, and this and next month promise to be the best we have known. So far this season our trade has been fully 50 per cent larger than for the corresponding period of last year, with the best two months yet to hear from. Our saies for last week amounted to 24,000 pounds of stuff, the bulk of which was canned corn beef. The trade in large 1-pound cans, which fell off for two or three years, is coming back. Ten years ago the amount of canned meats handled by jobbers was not one-tenth what is handled to-day. The rainy June, which had the effect of staving off picnics and outing parties, no doubt a first burne, but there is ample time left to make up for this, and July and August will without a doubt eclips all corresponding ments in years goone by. Whatever the results may be, we are already assured of 50 per cent larger volume of trade this year than last."

Fourth of July and sporting goods as this year. Dealers who hald in heavy supplies, having had large faith in Pittsburg particism, did not trust in rain. Stocks of fire-crackers and rockets are seldom as well cleaned up after the Fourth as they are now. The interview with this dealer developed the fact that bicycles and tricycles were never in the fact that bicycles and tricycles were never in the fact that bicycles and tricycles were never in the fact that bicycles and tricycles were never in the fact that bicycles and tricycles were never in the fact that bicycles and tricycles

as well cleaned up after the Fourth as they are now. The interview with this dealer developed the fact that bicycles and tricycles were never in such active demand as in the past month or two. It is impossible to fill orders for bows' bicycles. Some orders have been on the books for two or three weeks and the factories are mable to respond. Said the above dealer: "We have been writing and telegraphing to the bicycle factories almost daily for weeks to hurry up stock, but it seems to do little good, and all we can do is to possess our souls in and all we can do is to possess our souls in patience and wait. It is very plain that the calculations of bicycle makers were entirely too modest, in view of the inability to meet orders. It will, at the very least, be a few weeks before our firm can catch up to orders. You may say for our firm that Fourth of July week brought an unusually satisfactory trade week brought an unusually satisfactory trade all along the lines of our goods, and that we never handled as much stuff in the same time."

Uncle Sam's Warehouse. The first half of 1889 has made a record at Uncle Sam's warehouse, Penn avenue and Garrison alley, about equal to the corresponding period of 1888, which was one of the good years for trade in imported goods.
The books of the Custom House show that
April of this year was the best month on record and May was very little behind. June d .. owing to floods which kept back stuff. I. the last week of June, when the rail-road blockade was lifted, there was a rush for a few days, but business has again quieted down, Said Secretary Keating to a Disparter re-porter: "There has not been as much business does in imported lighters and from the business

BIG DEAL IN REALTY

A Fine Allegheny Residence Bought by a Prominent Merchant.

RAPID TRANSIT DOING GOOD WORK.

Philadelphia Gentleman Falls in Love With Pittsburg Suburbs,

SOUIRREL RILL AND OAKLAND IN LUCK | Local Bankers Say Everything is in Ex-

Squirrel Hill and Oakland, it is now ce tain, will before long enjoy the luxury of rapid transit. Those wanting to establish homes in either place should hurry up the cakes before the inevitable boom takes effect.

The most important transaction in real estate in Allegheny for a long time—au-thentically reported—was closed up yester-day by Samuel W. Black & Co. R. H. Boggs, of Boggs & Buhl, purchased the residence property 136 North avenue, lot 110 by 170, with a large two-story brick building, for which he paid \$65,000 cash. The lot is about twice the size of the one adjoining, which was sold by Mr. Boggs a month

An Aliegheny gentleman who lives near said the old building would probably be torn down and a much finer one erected. Considering the location, the price paid is thought

Fragment of a conversation on a railroad car between two unknown gentlemen yester-First speaker-Well, how are you get along with your real estate speculation?
Second speaker—Very well. The ground cost us \$40,000, and we have already sold about

90,000 worth of lots. I do not know to what he referred. Later on he added: "I could have bought the Hampton place for \$50,000 a few months ago." As often remarked, there is a great deal nore doing in real estate than appears upor

All that is needed to develop the beautiful ountry around Pittsburg is rapid transit, and that want bids fair soon to be supplied in the fullest measure. The assurance of one or more electric roads down the Sewickley Valley has given quite a boom to property in that dis-trict, and their construction will double or treble the demand.

Land so delightfully situated, and so conven-

ent to the city, will not long lie fallow. Rapid ransit would soon place it on a par with est sections of the East End. Mr. Charles Holt, a prominent business man of Philadelphia, was visiting friends in the East End last week. On the Fourth he was

This is a high, but not undeserved, recommendation. The suburbs of Pittsburg, from whatever direction riewed, will bear comparison with those of any other city in the Union,

and come out ahead every time.

This being true, it is no wonder they are rapidly filling up with a good class of people. The Chicago Farmers' Review estimates the probable winter wheat crop of 1889 at 313,313,000 bushels, and the yield of rye at 28,951,000 bushels, the largest crop since 1884. The pork crop is said, also, to be unusually large. There is no langer, therefore, of a scarcity of hog and

The mathemathical lunatic has again escap from the asylum and is making public his theories to account for the alleged increase of storms and floods in these latter years. He says there are more than 20,000 loc these sent out into the atmosphere each week will measure more than 50,000,000,000 cubic yards, which must be returned as rain, or 7,000, yards, which must be returned as rain, or 7,000,-000,000 cubic yards a day—quite enough to pro-duce rainfall every 24 hours.

Other non-condensing steam engines add eight times as much more, so that the total

mass of vapor discharged into the atmospher must be each week more than 470,000,000,000 cubi yards. As a result of this state of affairs he predicts that the American race will finally be drowned out, but he neglects to fix a date for hat awful cataclysm.

The sale of 44 loss at Marion station in one week is an event of sufficient importance to attract wide attention. At this rate all the lots for sale there will soon be closed out. Marion possesses special advantages for workingmen, being closely connected with Pittsburg, Bradderk and McKesport. dock and McKeesport.

That they appreciate the opportunity which it offers of acquiring homes at a moderate cost the rapid sale of lots sufficiently testifies.

SPECULATION STILL SLOW.

Very Little Movement in Local Stocks, bu Prices Well Maintained.

The stock market yesterday was of the same kind as that of the day before—dull and gener ally steady. Only two securities were handled, Philadelphia Gas and Electric, and they sold to the extent of only 160 shares. Both were fractionally weaker, the former selling at 37 and the latter at 51. Philadelphia was ex-diviand the latter at 51. Philadelphia was ex-dividend, as the books close to-day.

On the strength of presumably good news Le. Nora was strong at 2, with 1½ bid. Manufacturers' Gas could have been sold at 25, but none was offered at that figure. Citizens' Traction was firm but dull. For Central 31 was vainly offered for 100 shares.

Considering the duilness, values are well sustained. This leads operators to hope for a revival in the near future. Bids, offers and sales are appended:

Stark sold 100 shares of Philadelphia Gas The total sales stocks at New York yesterday were 147,258 shares including: Atchison, 15,774; Delaware, Lackawanna and Western, 10,700; Lake Shore, 4,250; New Jersey Central, 3,150; Nerthern Pacific preferred, 6,900; Reading, 13,540; St. Paul, 19,220; Union Pacific, 6,600.

SOME BIG DEALS. A North Avenue, Allegheny, Resident Changes Hands-Other Transactions. Samuel W. Black & Co., 99 Fourth avenue sold to R. H. Boggs, of Boggs & Buhl, the resi-dence property, No. 136 North avenue, Alle-gheny, lot 110x170, with a large two-story brick esidence, for \$65,000 cash. W. A. Herron & Sons sold a new frame

house on Claybourne avenue, Shadyside, six rooms and finished attic, with all modern con-reniences, let 30x180, for \$4,000. They also sold rooms and inniside state, with all modern conveniences, lot 30x130, for \$4,000. They also sold a lot on the Duncan plan, 20x85, on McCandless avenue, Eighteenth ward, city, for \$225.

C. Barringer & Son, No. 108 Fourth avenue, sold a vacant lot at £msworth, 60x150 feet, for \$500 cash, to James K. Piper, who will at once put up a nice dwelling house. They also sold a vacant lot near Gallagher street, Allegheny, 24x130 feet, for \$200, to Johanna Colford.

Black & Baird, No. 36 Fourth avenue, sold for Patrick Boyle to Mrs. Louisa Craven, the residence property No. 712 Bellefonte street, Twentieth ward, containing eight rooms, with lot 50x100 feet to a 20-toot alley, for \$2,400.

James W. Drape & Co. placed a mortgage of \$5,500, at 5 per cent, on residence property in Allegheny. They also closed a mortgage of \$2,500 at 6 per cent on two houses and lots in the East End; also three mortgages of \$3,500 at 6 per cent on two houses and lots in the East End; also three mortgages of \$3,500 at 6 per cent.

J. B. Cooper & Co., 107 Fourth avenue, sold to

Jas. Slampfti, for James Moone, No. 429 Wylie avenue, for \$2,800.

The agency of J. H. Stevenson & Co., 100 Fifth avenue, effected an exchange of a fruit farm in Delaware for a property at Castle Shannon, John Stovey being owner of the Castle Shannon place and J. W. Crooks, a riverman, being owner of the Delaware farm, the consideration being \$3,000 for the farm and \$4,000 for the other property. This firm has been appointed agents for the great English syndicate, with a capital of about \$12,000,000, which is developing some \$60,000 acres of mineral lands in Southeastern Kentucky, in the region of Cumberland Gap. A great city is laid out there and speculators are flocking to invest in lots.

A GOOD AVERAGE.

There was no special movement in local monetary matters yesterday, but an average volume of business was transacted. Very little fresh paper was made, but considerable old was renewed. There was no change in rates, and no disturbance of the close relations between currency and exchange. Bankers think business has touched low-water mark for the season. Many of the leading spirits in financial circles are off on their vacations, but will be back in time to take a hand in the fall movement. cellent Shape-Money Plenty.

back in time to take a hand in the fall movement.

There are no longer fears of a money stringency. Shipments to Europe being no longer profitable, the drain in that direction has ceased. Here the supply is abundant and promises to be maintained the rest of the season. The clearings yesterday were \$1,965,529 37 and the balances \$429,639 43. This is largely ahead of the same day last year.

Money on call at New York yesterday was easy at 3 to 3½ per cent, last loan 3; closed offered at 3 per cent. Prime mercantile paper, \$4,666,59. Sterling exchange more active and steady at 488 for 60-day bills and 487% for demand.

> A BETTER FEELING. Top Notch.

Although business was probably no greater than on Monday, the feeling in the oil market restricted was better, and hope revived of better times coming. The fact that the market closed at the highest point of the day was encouraging. A dealer said: "That's what we want. If we can boost prices sufficiently to in-

want. If we can boost prices sufficiently to interest outsiders that will be drawn in and business will pick up."

There was a sluggish opening at 91%c, an advance to 91%c, a drop to 91%c, the lowest point reached, and a rally at the close to the opening figure. Cash oil ruled about the same as August. No one seemed willing to touch the September option. Monday's clearings were 182,000. The monthly pipe line report is expected to

after some real estate which he purchased be-fore the war. EX-MAYOR HENRY A. WEAVER is himself again, having entirely recovered from his recent indisposition. THERE will be a meeting of the stockhol of the Federal Street and Pleasant Valley Pas-senger Railway on Friday, July 12

ALL real estate men are not proud if they are iron. One of the wealthiest of them bought a \$13 suit of clothes vesterday. A BROKER remarked yesterday evening: "Look out for a boom in La Noria." It was very firm at both stock calls yesterday. MR. N. F. SLOAN, favorably known in connection with the oil trade has started an in-surance agency at 96 Fourth avenue. He is all MR. GEORGE H. THURSTON yesterday re-

ceived information that the mine of the Pitts-burg and Mexican Tin Mining Company is doing better than expected. Some of the ore has been expressed to Pittsburg. THE vacancy in the Board of Directors of the Philadelphia company caused by the resigna-tion of Mr. E. Groeizinger, has been filled by the election of Mr. H. Sellers McKee. The latter goes into the board as an additional represen-tative of the Chartiers Valley Gas company.

DRIFTING UPWARD.

Stocks Dull and Weak at the Opening, but Rally and Score Small Gains at the

Close-Strong and Weak Spots. NEW YORK, July 2.—The stock market seemed to have lost its animation to-day, and the trading was only about half of that of yesterday, though the most confident feeling which became so noticeable last evening continued throughout the day, and the general drift of prices was upward, though the operations of the bears and traders made a feverish and irregular market during most of the time. The shorts did not like the aspect of affairs, and there was considerable bidding for stocks at the opening, and first prices this morning, aided by higher figures in London, were from ½ to ½ per cent better than last evening's final where it is a series of the control of the control

forced prices off to something below last night's prices.

The heaviest drive was made at Burlington, and it lost 1½ per cent. The short interest in this and Rock Island is becoming unwieldy, and Burling: on commanded a premium of 1.64th of 1 per cent, and Rock Island loaned at 1 per cent for carrying. The raid was soon over, however, and the market thereafter gave evidence of good supporting orders, and though there was little buying outside of the shorts and the foreigners, the market railied, and by noon was materially higher than the opening figures. It became known that the Alton was not represented at the meeting in Chicago, and the pro-

feesionals sold some stocks after noon, which again sagged the list off, and the list, which had been remarkably firm up to that time, Denver and Rio Grande preferred and St. Paul preferred, were specially weak.

The weakest point in the market was the trusts, especially sugar, which was sold on the expectation that the general term would confirm the opinion of Judge Barrett, and the stock at one time was about 3 per cent lower than last evening. The coal stocks were all strong, and Jersey Central especially, though it weakened somewhat toward delivery hour with the rest of the list. During most of the day the general list presented little or no feature, and the market finally closed dull and firm at something better than the opening figures. the market finally closed dull and firm at something better than the opening figures.

There were a larger number of railroad bonds traded in to-day, but like the dealings in shares they were for small amounts, and the aggregate of the business done is smaller than yesterday, reaching only \$1,092,000. There was only one active bond, the Reading 4s, which furnished \$134,900 to the total. The general tone of the market was firm, but many issues developed considerable weakness, and the important changes are about equally divided between gains and losses. Denver and Rio Grande 4s lost 2½, at 79½, and Denver and South Park 2, at 90½.

The following table shows the prices of active stocks on the New York Stock Exchange. Corrected daily for THE DISPATCH by Whitney & Stephenson, members of New York Stock Exchange, 57 Fourth avenue:

A Remarkable Experience. MR. H. ROBERTSON

SAVED FROM AN UNTIMELY DEATH.

FROM AN UNTIMELY DEATH.

Mr. H. Robertson, a native of Scotland, but who has been a resident of this country for several years, has been a victim of kidney disease with the following symptoms: He had a heavy dragging pain across the small of his back, extending from one side to the other, and a bloated, dropsical condition of the bowels, high colored urine, and he noticed that sometimes it contained a reddish, brick-colored sediment, and at other times the sediment was of a lightish color. He noticed that he felt very tired in the morning, and as he gradually grew weaker, his stomach became affected. His appetite became poor, and he was constantly annoyed with sour cructations of gas from his stomach after eating, and on account of the kidneys not performing their function properly, his blood became charged with rheumatic poison, so that he had much pain about his shoulders and different parts of his body. As he became more emaciated he began to cough, and he felt much tightness and weight across his lungs. In speaking of the matter one day, he said:

"I doctored with the best doctors I could hear of, but was fast getting worse. I became melancholy and thought I could not live. Finally I began treatment with the physicians of the Polypathic Medical Institute, who are specialists for chronic diseases, and although confined to the bed when I commenced their treatment, my improvement was very rapid, and I have been entirely cured by these physiciana, and I gladly sign my name.

Anyone wishing to call upon Mr. Robertson, or write him with reference to his case, can have his full address by calling at THE POLY-PATHIC INSTITUTE, 40 Penn ave. Office hours, 10 to 11:30 A. M. I to 4 and 6 to 8 F. M. Sundays, 1 to 4 F. M. Consultation free. je24-D

Low Grade Berries From Maryland Too Plenty for Demand.

NEW APPLES DRIFTING DOWNWARD Flour Strong and Tending Upward---Corn

SUGAR ON THE VERGE OF AN ADVANCE

and Oats Scarce.

OFFICE OF PITTSBURG DISPATCH, TUESDAY, July 9, 1889. Country Produce-Jobbing Prices. Fruits and vegetables in season are in boun-tiful supply, and movement is active at low figurea. Dealers complain that multitudes of Maryland berries are coming to market in bad Maryland berries are coming to market in oad shape. Good blackberries are in demand at outside quotations, but lots of poor stock goes begging at less than one-half. The new crop of apples is showing up well for the season and prices are drifting down. New domestic Sweitzer cheese comes in slowly. There is still abundance of the old stock on hand which receives the preference over new. Large quantities of Florida tomatoes have been thrown or tities of Florida tomatoes have been thrown on markets within a day or two, which move very slowly because of quality. The volume of Monday and Tuesday's produce trade was large. The principal trouble of markets is the abundance of everything, and all signs point to the fact that this will continue all this season.

ALL EMSWORTH INTERESTED. The Origin and Cause of the Famous Church

Trouble Brought Out in Court-An Old Colored Couple's Claim. The account of J. M. Courtney, administrator of the estate of Dr. Joseph Courtney, late of Emsworth, came up yesterday in the Orphans' Court for audit. Exceptions to the account had been filed by Billy Roberts and wife, colored people who had nursed the old gentleman, and had taken care of him in his last illness, from November I, 1887, until January 12, 1888, when he died from a complication of diseases. The fact that this claim was the origin and cause of the famous Emsworth Church trouble wave considerable importance to the matter. The account of J. M. Courtney.administra gave considerable importance to the matter and the citizens of that place await the Court's

and the citizens of that place await the Court's decree with interest.

The witnesses for Roberts were George Taylor, the blacksmith down there, and John P. Dean and his son. The testimony showed that Dr. Courtney had tried to borrow \$500 with which to pay these old colored people; that later he had showed Taylor a lot of ground worth \$500, which he intended giving them, and still later that he had gotten young Dean to draw up articles of agreement to the effect that if the Roberts would remain with him until he died he gave them the house they were all living in at the time and a large lot, both worth \$1,500. It was also brought out that, beyond calling on him, his relations paid no attention to him; that he was peculiar and a very independent old gentleman, and that he felt very grateful to the old colored people who attended him.

Mr. Roberts' case was handled by John D, Watson, Esq., and the administrator was represented by John C. Haymaker, Assistant District Attorney.

resented by John C. Haymaner, Assistant trict Attorney.

Had it been known the hearing was to have been held, Emsworth would have been numerously represented. As it was the attorneys and others who happened to be present were very much amused at the quiet sallies and "passages at arms" between the two lawyers engaged in the case. The impression made by the old colored people was certainly a very favorable one.

BREEN'S RURAL TROUBLES. He Esters Sait Against Unfriendly Neighbors for Prosecution. James W. Breen yesterday entered suit against Andrew Brethauer and Henry Kindline for \$10,000 damages. Breen owns a farm in Ross township. To obtain an outlet to the main road he rented some ground from Jacob Rinewalt, Sr., for a private road. Brethauer and Kindline, for the purpose of injuring Breen, induced Rinewalt not to renew the lease of the ground to Breen and to nlow it up.

Breen then applied to the Quarter Sessions Court for the purpose of having a road opened. While the proceedings were pending, it is

While the proceedings were pending, it is claimed, the defendants approached Frederick Dietrich, one of the viewers in the case, and tried to induce him to report to court against the opening of the road. Breen finally, to escape this persecution, advertised his property for same. The defendants loitered about and turned away possible purchasers by running down the property. Eastern Lawyers Here. An argument was heard by Judge McKennai in the United States District Court, yesterday in the case of the Mexican Ore Company against the Mexican Guadulupe Mining Comagainst the Mexican Guadulupe Mining Com-pany and others. The suit is brought in the United States Court of New Jersey. The argu-ment was on a motion for an injunction to re-strain the defendants from seiling their ores to any other than the plaintiffs, on account of an agreement to that effect. Attorneys Ordway, of New York, and McCarter. of Newark, N. J., appeared for the plaintiffs, and attorneys Dake, of Cumden, and Page, of Philadelphia, for the defendants.

Suits and Cross Suits. In the Criminal Court James L. Orr, an Alle gheny real estate agent, is on trial before Judge Slagle on the charge of perjury. The prose-cutor in the case is B. F. Crowe. Orr lodged a

charge of perjury against Crowe, who was tried and acquitted. He then sued Orr for perjury. A second suit was also brought against Crowe yesterday for damages by Peter Portman, Orr, as the agent for Portman, states that Crowe, when he was the agent for Portman, collected \$140 rent due Portman which he failed to turn The Late Samuel Palmer.

The Allegheny County Bar Association held a meeting at 10 o'clock yesterday morning to pay a last tribute to Samuel Palmer, Esq., deceased. Judge Ewing presided, and the Vice-Presidents were Judge Stowe, Hon. Thomas Mellon, Judge Hawkins, Judge Over, D. D. Bruce, J. W. Kirker and S. H. Gever, Esqs. A suitable minute was adopted, and short addresses were made by some of the members present.

William M. Lyon's Will. The will of William M. Lyon was filed for probate yesterday. He leaves his Mt. Wash-ington property to John L. Awl; also \$5,000 in cash. The three children of Mrs. Mary Lowrey, deceased, were given \$10,000; the children of Margaret Hamill, deceased, \$10,000; the children of J. Patton Lyon, deceased, \$10,000; the children of Sarah Porter, deceased, \$10,000; Jane Ayers, \$10,000; Samuei S. Lyon, George W. Lyon and T. S. Lyon, \$10,000 each.

JOHN SCHMID yesterday filed a bill in equity against David Shaw. Both parties are owners of lots in the same plan in Stowe township, and it is claimed that Shaw had fenced in for his own use, portions of streets through the plan. Schmid asks that he be ordered to remove the fences, and leave the streets open for the

public.

THOMAS MURRAY yesterday entered suit against the City of Pittsburg for \$1,000 damages. He claims for the past six years the sewer on Fifth avenue and Middle alley, has emptied its contents close to his property on Forbes street, Fourteenth ward, and seriously damaged his place. damaged his place.

JUDGE ACHISON, in the United States Circuit Court yesterday filed an opinion in the case of Riddle Dean & Co., against the New York Lake Erie & Western Railway, on a motion to set aside service of summons. The suit was brought under the inter-State commerce act. The court odered the defendant to answer the bill.
